On February 1, 2021, the Myanmar armed forces seized control of the country, following a general election that the National League for Democracy party won by a landslide. Since then, hundreds of people have been killed and many injured during nationwide Civil Disobedience Movement (CDM) protests and violent crackdowns on those opposing the coup. **Doctors and nurses have been served with warrants and arrests for providing medical care to protesters, health workers have been injured while providing care to protesters, ambulances have been destroyed, and health facilities have been raided.** Below are nine incidents identified between 26 January - 8 February 2022.

Previous incident reports: [12-25 January; 15 December 2021 and 11 January 2022; All.](#)

Analysis reports: [One-Year Anniversary Update: December 2021; All.](#)

## 26 January - 8 February: Nine documented incidents

**25 January 2022:** In Falam town, Chin state, State Administration Council (SAC) forces abducted nine government workers from their homes, including two health workers affiliated with the Civil Disobedience Movement (CDM). **Sources:** [VOA News](#) and Zalen News

**26 January 2022:** Near Sap-Thay village, Ye-U township, Sagaing region, an ambulance hit a landmine transporting a pregnant patient to the hospital, injuring the patient and killing a relative of the patient. Pro-government media have accused the People’s Defence Force (PDF) for the attack. **Sources:** Facebook and People Media

**28 January 2022:** In Mayangone township, Yangon, a doctor was among 14 people arrested for posting about a proposed anti-government strike on social media. **Source:** Eleven Media

**29 January 2022:** In Shwebo town, Sagaing region, a doctor was among 20 people arrested and charged for posting about a proposed anti-government strike on social media. The victim was also a former MP for the National League of Democracy. **Sources:** Facebook and Myanmar National Portal

**29 January 2022:** In Let Yet Ma village, Myaing township, Magway region, a military offensive by SAC forces disrupted the supply of medication and forced the closure of a hospital. **Source:** Myanmar Pressphoto Agency

**30 January 2022:** In South Okkalapa township, Yangon city, SAC forces attempted to arrest a doctor at his home. When he was found to not be present at the home, SAC forces arrested his father. The intended victim was a CDM supporter and owner of a private clinic. **Sources:** Facebook and RFA Burmese

**31 January 2022:** In Hpa-Lu village, Myawaddy township, Kayin state, SAC forces occupied a rural health centre. **Source:** Karen Information Centre
01 February 2022: Between Zee Hpyu village and Bo Te Kone village in Tиграи township, Sagaing region, an ambulance was attacked with small-arms fire while transporting a patient. The driver was killed and assistant ambulance staff injured. The patient and nurse on the ambulance were uninjured. The ambulance experienced significant damage in the attack, rendering it inoperable. SAC has accused the PDF for perpetrating the attack. Sources: Facebook I, Facebook II and People Media

02 February 2022: On the Monywa-Mandalay highway, in Ye-U township, Sagaing region, an ambulance transporting COVID-19 vaccines to the Monywa General Hospital struck a landmine. No injuries were reported. Source: People Media

This document comprises threats and violence as well as protests and other events affecting the delivery of and access to health care. It is part of the Attacks on Health Care project by Insecurity Insight. It is prepared from information available in local, national and international news outlets and online databases.

The incidents reported are not a complete nor a representative list of all events that affected the provision of health care and have not been independently verified. All decisions made, on the basis of, or with consideration to, such information remains the responsibility of their respective organisations.
