Marches of the Millions protests have been taking place across Sudan after the military coup on October 25. Over 80 people have been killed and many others injured by live ammunition and tear gas fired by security forces during the protests. The violence has impacted health workers, hospitals, ambulances and patients.

Below are the incidents *Insecurity Insight* has identified between 26 January - 28 February 2022. The incidents reported are not a complete nor a representative list of all incidents that affected the provision of health care and have not been independently verified. Data collection is ongoing and data may change as more information is made available. If you have additional information on an incident documented here, or a new incident, please do not hesitate to get in touch.

26 January - 28 February: 10 documented incidents

08 February 2022: In El Fasher city, North Darfur state, security services of the El Fasher Specialised Hospital for Women and Obstetrics beat and threatened staff with weapons. In response, hospital staff launched a complete strike, calling on the authorities to provide protection against repeated attacks by security services. **Sources:** [Radio Dabanga](#) and [WHOSSA](#)

09 February 2022: Security forces arrested a doctor and former member of the Central Committee of Sudan Doctors from his workplace and took him to an unknown destination after several failed attempts to arrest him. **Source:** [Sudan Central Doctors Committee](#)

12 February 2022: In an undisclosed location, a health worker was assaulted. **Source:** [WHOSSA](#)

17 February 2022: In Port Sudan, security forces prevented injured protestors from entering Port Sudan Hospital. **Source:** [Twitter](#)

18 February 2022: In Khartoum, more than 100 anti-coup detainees at the Soba Prison have been refused medical care amid the fourth day of a hunger strike. **Source:** [Radio Dabanga](#)

20 February: In Khartoum, tear gas was fired inside Khartoum North Hospital by security forces. A patient injured during protests was shot in the chest and killed by a stray bullet after stepping on to his balcony for fresh air after feeling unwell from the teargas fumes. **Sources:** [Sudan Central Doctors Committee], [Sudan Tribune](#) and [WHOSSA](#)

21 February 2022: In Omdurman, security forces fired tear gas inside the Taga Hospital. **Source:** [Dabanga Sudan](#)

28 February 2022: In Omdurman city tear gas was released inside the operating room of the Al Arbaeen Hospital. **Sources:** [Sudan Central Committee of Doctors], [Twitter I](#), [Twitter II](#) and [WHOSSA](#)

01 March 2022: In Khartoum, security forces fired tear gas inside Khartoum Hospital during a raid on the facility. **Source:** [Twitter](#)
01 March 2022: In Omdurman city, security forces fired tear gas inside Al Arbaeen Hospital during a raid on the facility. Source: Twitter

1 WHOSSA accessed 05 March 2022. Four incidents reported.

This document comprises threats and violence as well as protests and other events affecting the delivery of and access to health care. It is part of the Attacks on Health Care project by Insecurity Insight. It is prepared from information available in local, national and international news outlets and online databases. The incidents reported are not a complete nor a representative list of all events that affected the provision of health care and have not been independently verified. All decisions made, on the basis of, or with consideration to, such information remains the responsibility of their respective organisations.

This document is funded and supported by the Foreign, Commonwealth and Development Office (FCDO) of the UK government through the RIAH project at the Humanitarian and Conflict Response Institute at the University of Manchester, the European Commission through the ‘Ending violence against healthcare in conflict’ project and by the generous support of the American people through the United States Agency for International Development (USAID). The contents are the responsibility of Insecurity Insight and do not necessarily reflect the views of USAID, the U.S. Government, the European Commission, the FCDO or Save the Children Federation, Inc.
