**Latest Attacks on Health Data**

The 01 January 2016-31 July 2022 data on incidents of violence against or obstruction of health care in Myanmar is now available for download on HDX or to explore on our Health Care at Risk interactive global map where you can see incidents, information on who the perpetrators were and what weapons were used. During this time period, over 690 health workers have been arrested, 48 killed and hospitals have been raided over 130 times.

**2021 SHCC Factsheet**

411 incidents of violence or obstruction against health care were perpetrated in Myanmar in 2021. Incidents occurred in three distinct phases, marked by different patterns of violence against or obstruction of health care. During the initial post-coup period from February to April 2021 health workers were often arrested while attending protests or providing aid to protesters. Hospitals and clinics were raided by state security forces, often in search of pro-democracy health workers or injured protesters. Read the full factsheet.
**Pakistan**

**16 August 2022:** In Kacha Gara area, Kot Azam locality, Tank district, Khyber Pakhtunkhwa province, two unidentified gunmen shot from a close range and killed two police officers guarding a team of two vaccinators during a door-to-door polio vaccination campaign. The perpetrators fled the scene on a motorbike. **Sources:** BBC, The Hills Times and The New Arab

**Middle East North Africa**

**Occupied Palestinian Territories**

**18 August 2022:** In Ramallah city and governorate, and other undisclosed locations, West Bank, Israeli forces raided and sealed the offices of seven Palestinian civil society groups, confiscating computers and equipment, before sealing off their entrances. Six of such organisations were designated by Israel as terrorist groups in October 2021, and accordingly outlawed over accusations of ties to the Popular Front for the Liberation of Palestine. The seventh raided was the Union of Health Work Committees, which runs hospitals and clinics. **Sources:** Al Jazeera I, Al Jazeera II, All Africa, Middle East Eye I, Middle East Eye II, The New Arab I, The New Arab II, The New Arab III, The New Arab IV, The New Arab V, The New Arab VI and The New Arab VII

20 August 2022: In al Ma’amel area, Deir Ez-Zour governorate, Syrian Democratic Forces detained a pharmacist, allegedly for criticising the state of the health system in the area, and took him to an undisclosed location. Source: SNHR

23 August 2022: South of Deir Ez-Zour city, Deir Ez-Zour city governorate, Syrian government forces detained a doctor at a checkpoint and took him to an undisclosed location. Source: SNHR

Global Health Insecurity
These events affect the provision of health care but are not directly conflict related. These include events perpetrated by patients, relatives of patients, private individuals and criminals as well as significant strike action or protests by health care personnel.

Africa

South Africa
21 August 2022: In Uitenhage town, Eastern Cape province, three men arrived at the Uitenhage Provincial Hospital with a friend who got shot, and demanded that the nurses fetch him from their car. The men assaulted one of the nurses when the latter requested their help, and threatened to kill everyone if their friend died. Their friend was declared dead upon arrival. Following this incident, the Eastern Cape Department of Health arranged for armed response to be on guard at the facility. Source: SABC

South Sudan
13 August 2022: In Imehejek locality, Lafon county, Eastern Equatoria state, an armed man fired at the Imehejek Hospital, causing no reported deaths or injuries. This attack prompted the humanitarian and development organisation Health Link to evacuate its staff from the facility. The hospital remained functional as other health workers were not evacuated. Sources: Radio Tamazuj I and Radio Tamazuj II

Asia

Nepal
21 August 2022: In Jumla town and district, Karnali province, a doctor of the Karnali Institute of Health Sciences Teaching Hospital was assaulted inside the Emergency Room by an employee of the facility’s administration for not cutting his son’s stitches. Sources: Nep Wave and Nepal Monitor

Europe

Turkey
13 August 2022: In Gaziantep city and province, Southeastern Anatolia region, security forces detained a female doctor from her home in a perceived attempt to force her son surrender to the Turkish Government and face allegations made by Turkish opposition parties about alleged criticism of Turkey that have circulated across local media. Source: The New Arab

20 August 2022: In Gaziantep city and province, Southeastern Anatolia region, a moving passenger bus crashed into an ambulance, a firefighting truck, and a vehicle carrying journalists responding to an earlier crash along the Gaziantep-Nizip route, killing 15 people, including three paramedics, three firefighters, and two journalists, and injuring 31 more. Sources: Hurriyet Daily News, The New Arab I and The New Arab II

20 August 2022: In Derik town and district, Mardin province, a moving truck crashed into a team of first responders and a crowd of people following an earlier road accident, killing 20 people, including a police officer, and injuring 26 more. Sources: Hurriyet Daily News and The New Arab

Middle East North Africa

Kuwait
11 August 2022: In an undisclosed location, an Egyptian doctor inside a maternity hospital suffered a head injury and internal bleeding from an attack by an unidentified citizen. Sources: The Council and The New Arab

WHOSSA accessed 31 August 2022. No incidents reported.
This Bi-Monthly News Brief comprises threats and violence as well as protests and other events affecting the delivery of and access to health care. It is part of the Attacks on Health Care project by Insecurity Insight. It is prepared from information available in local, national and international news outlets and online databases. The incidents reported are not a complete nor a representative list of all events that affected the provision of health care and have not been independently verified. All decisions made, on the basis of, or with consideration to, such information remains the responsibility of their respective organisations.

This document is funded and supported by the Foreign, Commonwealth and Development Office (FCDO) of the UK government through the RIAH project at the Humanitarian and Conflict Response Institute at the University of Manchester, the European Commission through the ‘Ending violence against healthcare in conflict’ project. The contents are the responsibility of Insecurity Insight and do not necessarily reflect the views of the European Commission, or the FCDO.
