Documented incidents

Myanmar

23 March 2023: In Kaing Taw Ma village and village tract, Myaing township, Pakokku district, Magway region, the Myanmar military torched a public hospital and civilian houses. **Source:** [Facebook](#)

25 March 2023: In Demoso township and district, Kayah state, the side window of an ambulance was damaged by artillery fire in armed clashes between the Myanmar military and a joint force of the Karenni Nationalities Defence Force and local resistance forces. **Sources:** [Facebook](#) and [Facebook II](#)

30 March 2023: In Htee Poe Ka Loe village and village tract, Demoso township and district, Kayah state, Myanmar military airstrikes hit trenches near a health facility, causing IDPs sheltering at the facility to flee and damaging a nearby school. **Sources:** [Myanmar Now](#) and [Myanmar Now II](#)

31 March 2023: In Nyaung Pin Thar village and village tract, Tigyaing township, Katha district, Sagaing region, the Myanmar military torched a public hospital and over 200 civilian houses. **Sources:** [DVB](#), [Facebook](#), and [Twitter](#)

Reported on 02 April 2023: In Madupi township and district, Chin state, the junta authorities have restricted the transport of medicine into the township since January 2023, causing medicine shortages. To access health care outside of Madupi township, civilians need junta-approved travel authorisation. **Source:** [Irrawaddy](#)

02 April 2023: Near Let Pan Kan village, Chauk Kan village tract, Pakokku township and district, Magway region, a landmine detonated damaging the bonnet, front and back windshields of an ambulance. The Myanmar military accused the local resistance forces of this attack. **Source:** [Telegram](#)

03 April 2023: In Pyigyitagon township, Mandalay district and region, the junta-appointed ward administrator and private clinic owner was shot dead in front of London Clinic, and his nephew critically injured. The local resistance force Aung Si Taw declared responsibility for the attack and claimed the victim was a military informant. **Sources:** [Facebook](#), [Mandalay Free Press](#), and [Mizzima](#)

This document comprises threats and violence as well as protests and other events affecting the delivery of and access to health care. It is part of the [Attacks on Health Care](#) project by [Insecurity Insight](#). It is prepared from information available in local, national and international news outlets and online databases. The incidents reported are not a complete nor a representative list of all events that affected the provision of health care and have not been independently verified. All decisions made, on the basis of, or with consideration to, such information remains the responsibility of their respective organisations. This document is funded and supported by the Foreign, Commonwealth and Development Office (FCDO) of the UK government through the RIAH project at the Humanitarian and Conflict Response Institute at the University of Manchester, the European Commission through the 'Ending violence against healthcare in conflict' project and through the project 'Ending violence against healthcare in conflict: documentation, tools, and data-informed advocacy to stop and prevent attacks' funded by the European Union. The contents are the responsibility of Insecurity Insight. **Insecurity Insight. 2023. 22 March-04 April 2023 Attacks on Health Care in Myanmar.
