Documented incidents

07 April 2024: In El Obeid city, North Kordofan state, an unspecified number of doctors and health workers in the Al Jomaih Dialysis Center were arrested by the General Intelligence Service after threatening to strike over delayed salaries. **Sources:** [Personal Communication I](#) and [Personal Communication II](#)

08 April 2024: In Al Kalakla neighbourhood, Khartoum city, a doctor and a patient were kidnapped by the RSF on suspicion of the patient being SAF. Both were later released, with the patient showing signs of torture. **Source:** [Personal Communication](#)

08 April 2024: In El Obeid city, North Kordofan state, a doctor was attacked and wounded by RSF members at his clinic after he treated a RSF soldier and they refused to pay. The RSF also attacked residents who gathered outside the clinic, killing one and wounding others. **Source:** [Personal Communication](#)

This document comprises threats and violence as well as protests and other events affecting the delivery of and access to health care. It is part of the [Attacks on Health Care](#) project by [Insecurity Insight](#). It is prepared from information available in local, national and international news outlets and online databases. The incidents reported are not a complete nor a representative list of all events that affected the provision of health care and have not been independently verified. All decisions made, on the basis of, or with consideration to, such information remains the responsibility of their respective organisations. This report is funded and supported by the generous support of the American people through the United States Agency for International Development (USAID) and by the Tides Foundation. The opinions expressed in it do not reflect in any way the position of USAID, the U.S. Government or the Tides Foundation who are not responsible for the content expressed in this document.
