Protection in Danger in the occupied Palestinian territory (oPt)

Incidents of threats and violence in refugee camps

June 2024

Insecurity Insight identified 1030 incidents that took place at refugee camps in the occupied Palestinian territory (oPt) between 07 October 2023 and 31 May 2024.[1] Incidents nearly doubled in May compared to previous months. In the Gaza Strip where 772 incidents were recorded, most were recorded in Jabalia Refugee Camp (184) and Nuseirat Refugee Camp (181). At least 314 incidents took place in the West Bank, with high numbers recorded in Jenin Refugee Camp (63). Damage to refugee camps by explosive weapons use was frequently reported in Gaza whilst camp raids were more common in the West Bank and East Jerusalem. Access the data on HDX.

Recorded Violence in Refugee Camps in the oPt, 07 October 2023- 31 May 2024

The incidents reported below are not a complete nor a representative list of all events that took place at refugee camps in June 2024 in the oPt and have not been independently verified through on the ground investigations. There is a delay in reporting incidents due to our open-source verification process. Numbers may change if or when further information is made available. We are continuously trying to identify more specific details on these incidents. If you have additional information on an incident documented here, or a new incident please get in touch.
