

Protection in Danger in the occupied Palestinian territory (oPt)

Incidents of threats and violence in refugee and makeshift camps

December
2024

Insecurity Insight identified 1908 incidents that took place at refugee or makeshift camps in the occupied Palestinian territory (oPt) between 07 October 2023 and 30 November 2024. Almost all 1908 incidents have been attributed to the Israeli Defence Forces. In the Gaza Strip where 1441 incidents were recorded, most took place in Nuseirat Refugee Camp (379) and Jabalia Refugee Camp (362). Homes and other civilian infrastructure were damaged and destroyed and residents killed and injured by explosive weapons use. At least 467 incidents took place in the West Bank, with high numbers recorded in Jenin Refugee Camp (93). Most of these incidents involved military raids, during which camp residents were arrested and civilian infrastructure bulldozed.

Access the data on [HDX](#). The dataset no longer includes event descriptions due to [HDX policy](#). Data is updated every Monday. Follow us for the latest updates. Numbers may change if or when further information is made available.

The incidents reported below are not a complete nor a representative list of all events that took place at refugee or makeshift camps in December 2024 in the oPt and have not been independently verified through on the ground investigations. There is a delay in reporting incidents due to our open-source verification process. Numbers may change if or when further information is made available. We are continuously trying to identify more specific details on these incidents. If you have additional information on an incident documented here, or a new incident please [get in touch](#).
